1. IDENTIFICATION

Product identifier

Product Name
TransTint® 6000 Amber

Other means of identification

UN/ID no. UN 1263
Synonyms None

Recommended use of the chemical and restrictions on use

Recommended Use Surface Decoration and Colorant

Uses advised against No information available

Details of the supplier of the safety data sheet

Supplier Address J. B. Jewitt Co., Inc.
Homestead Finishing Products
1935 West 96th Street Unit Q
Cleveland OH 44102-2673

Manufacturer Address J. B. Jewitt Co., Inc.
Homestead Finishing Products
1935 West 96th Street Unit Q
Cleveland OH 44102-2673

Emergency telephone number

Company Phone Number (216) 631-5309
24 Hour Emergency Phone Number (216) 631-5309
Emergency Telephone (216) 631-5309

2. HAZARDS IDENTIFICATION

Classification

OSHA Regulatory Status
This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

<table>
<thead>
<tr>
<th>Classification</th>
<th>Category</th>
</tr>
</thead>
<tbody>
<tr>

Label elements

Emergency Overview

Warning

Hazard statements
May cause drowsiness or dizziness
Combustible liquid
Appearance | Brown liquid | Physical state | Liquid | Odor | Ether-like |

**Precautionary Statements - Prevention**
- Avoid breathing dust/fume/gas/mist/vapors/spray
- Use only outdoors or in a well-ventilated area
- Ground/bond container and receiving equipment
- Use explosion-proof electrical/ventilating/lighting/equipment
- Use only non-sparking tools
- Take precautionary measures against static discharge
- Keep away from heat/sparks/open flames/hot surfaces. - No smoking
- Wear protective gloves/protective clothing/eye protection/face protection
- IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing
  
  Call a POISON CENTER or doctor/physician if you feel unwell

**Precautionary Statements - Storage**
- Store locked up
- Store in a well-ventilated place. Keep cool
- Keep container tightly closed when product is not in use.

**Precautionary Statements - Disposal**
- Dispose of contents/container to an approved waste disposal plant

**Hazards not otherwise classified (HNOC)**
- Not applicable

**Other Information**

---

### 3. COMPOSITION/INFORMATION ON INGREDIENTS

**Substance**
This material is considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200).

### 4. FIRST AID MEASURES

**Description of first aid measures**

**General advice**
Immediate medical attention is required. Show this safety data sheet to the doctor in attendance. If symptoms persist, call a physician.

**Eye contact**
Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes. Keep eye wide open while rinsing. If symptoms persist, call a physician.

**Skin contact**
Wash off immediately with plenty of water. Immediate medical attention is not required. Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. If skin irritation persists, call a physician.
Inhalation
Immediate medical attention is not required. If symptoms persist, call a physician. Move to fresh air in case of accidental inhalation of vapors or decomposition products.

Ingestion
Clean mouth with water and drink afterwards plenty of water. Never give anything by mouth to an unconscious person. Call a physician. Do NOT induce vomiting.

Self-protection of the first aider
Remove all sources of ignition. Use personal protection recommended in Section 8.

Most important symptoms and effects, both acute and delayed

Symptoms
May cause drowsiness or dizziness.

Indication of any immediate medical attention and special treatment needed

Note to physicians
Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Suitable extinguishing media
Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Dry chemical. Carbon dioxide (CO2). Water spray (fog). Alcohol resistant foam.

Unsuitable extinguishing media
Do not use a solid water stream as it may scatter and spread fire.

Specific hazards arising from the chemical
Keep product and empty container away from heat and sources of ignition. Risk of ignition. Flammable.

Explosion data
Sensitivity to Mechanical Impact None.
Sensitivity to Static Discharge Yes. May be ignited by heat, sparks or flames.

Protective equipment and precautions for firefighters
As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Personal precautions
Remove all sources of ignition. Evacuate personnel to safe areas. Ensure adequate ventilation, especially in confined areas. Use personal protection recommended in Section 8. Keep people away from and upwind of spill/leak. Pay attention to flashback. Take precautionary measures against static discharges.

Other Information
Eliminate all ignition sources (no smoking, flares, sparks or flames in immediate area). Ventilate the area.

For emergency responders
Use personal protection recommended in Section 8. Contain and/or absorb spill with inert material (e.g. sand, vermiculite). Collect and dispose in accordance with applicable regulations. Prevent product from entering sewers, drains, waterways or low areas.

Environmental precautions

Environmental precautions
Prevent further leakage or spillage if safe to do so. Prevent product from entering drains. Do not flush into surface water or sanitary sewer system.
Methods and material for containment and cleaning up

Methods for containment
Prevent further leakage or spillage if safe to do so.

Methods for cleaning up
Damp up. Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust). Pick up the absorbed material (described just above) and transfer to properly labeled containers for disposal according to local / national regulations (see Section 13). Take precautionary measures against static discharges.

7. HANDLING AND STORAGE

Precautions for safe handling

Advice on safe handling
Take necessary action to avoid static electricity discharge (which might cause ignition of organic vapors). Do not use mobile phones during handling. Never pierce, drill, grind, cut, saw or weld any empty container.

Conditions for safe storage, including any incompatibilities

Storage Conditions
Keep away from heat, sparks, flame and other sources of ignition. Keep containers tightly closed in a cool, dry, well-ventilated place.

Incompatible materials
None known based on information supplied.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Control parameters

Exposure Guidelines
No ACGIH or OSHA PEL is assigned to this mixture.

<table>

Appropriate engineering controls

Engineering Controls
Showers
Eyewash stations
Ventilation systems.
A safety shower and eye wash station should be within walking distance of the work area. Use process enclosures, local exhaust ventilation or other engineering controls to keep worker exposure to airborne contaminants below any recommended or statutory limits. The engineering controls also need to keep gas, vapor or dust concentrations below any lower explosive limits. Use explosion-proof ventilation equipment. Local exhaust should be used to maintain levels below the TLV and PEL.
Individual protection measures, such as personal protective equipment

**Eye/face protection**
Tight sealing safety goggles. Wear full face shield if splashing of liquid is possible.

**Skin and body protection**
Wear protective gloves and protective clothing that is resistant to chemical penetration. Wear impervious protective clothing, including boots, gloves, lab coat, apron or coveralls, as appropriate, to prevent skin contact.

**Respiratory protection**
If exposure limits are exceeded or irritation is experienced, a NIOSH/MSHA approved respiratory protection should be worn.

**General Hygiene Considerations**
Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink or smoke when using this product. Regular cleaning of equipment, work area and clothing is recommended. Wash face, hands and any exposed skin thoroughly after handling. Wash contaminated clothing before reuse.

10. STABILITY AND REACTIVITY

Reactivity
No data available.

Chemical stability
Stable under normal conditions of handling, use and transportation.

Possibility of Hazardous Reactions
None under normal processing.

Hazardous polymerization
Hazardous polymerization does not occur.

Conditions to avoid
Heat, flames and sparks. Take precautionary measures against static discharges. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.

Incompatible materials
None known based on information supplied.

Hazardous Decomposition Products
Hazardous decomposition products may be released during prolonged heating like smokes, carbon monoxide and dioxide, nitrogen oxides (NOx), other toxic vapors.

11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure

Product Information
The product has not been tested

Inhalation
Avoid breathing vapors or mists.

Eye contact
Avoid contact with eyes.

Skin contact
Avoid contact with skin.

Ingestion
Not an expected route of exposure. Do not taste or swallow. May be harmful if swallowed.

Carcinogenicity  This product does not contain any carcinogens or potential carcinogens as listed by OSHA, IARC or NTP.

Reproductive toxicity  Not classified

STOT - single exposure  May cause drowsiness or dizziness.
STOT - repeated exposure  Not classified.
Chronic toxicity  May cause adverse liver effects.
Target Organ Effects  Eyes, Skin, Respiratory system, blood, kidney, liver.
Neurological effects  Repeated or prolonged overexposure to solvents may cause permanent damage to the nervous system.

Aspiration hazard  No information available.

13. DISPOSAL CONSIDERATIONS

Waste treatment methods

Disposal of wastes
Should not be released into the environment. This material, as supplied, is a hazardous waste according to federal regulations (40 CFR 261). Disposal should be in accordance with applicable local, regional, national and international laws and regulations.

Contaminated packaging
Do not reuse container. Empty container may contain residue. If empty container retains product residues, all label precautions must be observed. Dispose of in accordance with federal, state and local regulations.

US EPA Waste Number  D007
14. TRANSPORT INFORMATION

Note: DOT Ground: Non-bulk shipments are not regulated per 49CFR 173.150(f)(2).

DOT
DOT Ground: Not regulated if shipped in containers < 119 gallons (450 liters).
DOT Ground: Regulated if shipped in containers >119 gallons (450 liters).
